MEMORANDUM FROM THE UNITED STATES DELEGATION

CONCERNING THE TRANSMITTAL OF MUTUAL DEFENSE ASSISTANCE CONTROL LISTS

1. The United States Government has issued a revised edition of the Mutual Defense Assistance Control Lists ("Battle Act" Lists) dated February 1, 1960, the effective date of the new International List. This edition reflects the changes made in the International Lists during the 1959 List Review.
2. Two sets of the List are being transmitted herewith for each Delegation with the request that they be transmitted to their respective governments. An additional copy for retention in Paris by delegations will be made available as soon as more copies are received from Washington.
3. This new edition of the Battle Act List supersedes all previous lists and amendments. Delegates will note that except for the Title I, List Category A, which is Unclassified, the lists are classified Confidential.
4. There is also transmitted with each copy of the Battle Act Lists a copy of the new correlation sheets, classified Confidential, which shows the current position and number on the Battle Act Lists of corresponding but differently numbered items on the International List.
